

Lap Shelving by Marina Bautier

Lap Shelving System by Marina Bautier

The lap shelving by award-winning designer Marina Bautier is a modular storage solution designed with simplicity in mind. Whether you need a single 1m shelving unit for an alcove or an entire wall of shelving in an office, the lap shelving is adaptable to work in different environments.

Starting with a single unit, you can add extensions to provide you with enough storage. Choose from a frame filled entirely with sturdy steel shelving to house your collection of tomes, or a mixture of trays, deep & shallow boxes with shelves to store a variety of paperbacks and objects.

Key Features

Flexible shelving system, available in three heights with a variety of component configurations

The width can be increased by adding extension units and more metal components

Suitable for Contracts use

Made in Lithuania

Technical / Construction

Solid oak frame
