 13 drawers: L660mm x D770mm x H1980mm

**Weight**

102kg  
 159kg

**Packaging Type**

Crate  
 Crate

*Notes: a minimum of 4 people is suggested for handling. Ensure this item is kept upright at all times. DO NOT tip!*

**Notes**

When handling the piece we advise that all jewellery, watches etc are removed to avoid scratches to the surface.  
 Ensure this item is kept upright at all times in transit.  
 The product is not suitable for outdoor use.  
 Hot items should not be placed directly on the surface.  
 Keep away from heat sources such as radiators & fireplaces.  
 This piece should not be exposed to direct sunlight.  
 Do not overload the drawers. Max 5kg per drawer.  
 Ensure weight is evenly distributed in each drawer. Do not place heavy items on one side of the unit only.  
 We recommend that fixings are checked & tightened periodically to ensure all drawers are secure.  
 The stack has been designed so that drawers panels can be replaced in the event that some may become scratched or chipped during use.  
 Should this occur, please contact the retailer for advice.

**Care & Maintenance**

Frequently dusting of this piece will help to maintain the luster of the finish. For general maintenance, dust regularly with a soft, dry, lint-free cloth. Please be aware that dust is an abrasive and can scratch the surface so this must be done with care to prevent scratching.  
 If wet cleaning is required, the item should be cleaned first without pressure using a soft, slightly damp cloth. It must be immediately dried with a dry, lint-free cloth. For areas that require further cleaning a very mild detergent and water solution can be used.  
 Should drawers become stiff over time, a lubricant such as WD40 carefully applied to the runners at the central frame will allow the mechanisms to run more smoothly.
