

# Bambusa

**Design** Felix Diener and Ulf Moritz

**Production method** Tufted

**Material** 100% bamboo viscose

**Pile height** 12 mm (½")

**Weight** 4900 g/m<sup>2</sup> (16.1 oz/sq ft)

**Maximum size without seams** 400 cm × 700 cm (157 ½" × 275 ½")

**Maximum size round** Ø 400 cm (157 ½")

**Size variation** +/- 2%

**Care** Professional cleaning

**Traffic** Suitable for moderate to medium residential use with exceptions of stairways, corridors or with the use of castors

**Flammability** ASTM D 2859/CPSC FF 1-70/FF 2-70, 16 CFR 1630

**Country of origin** United Kingdom

## Warranty

2 years

## Notes

- Slight colour differences will occur
- One m<sup>2</sup> contains 1.9 million bamboo viscose threads. Therefore some may detach when the rug is in use, particularly with new rugs
- Rugs made with bamboo viscose will reduce the amount they shed but will not cease shedding completely. This will not affect the appearance or quality of the rug
- If a bamboo viscose rug gets wet it will take a few days to dry fully. Do not walk on it as it will damage the yarns. The rug should not be rubbed as the structure may change
- Round or odd shape possible, will be calculated as a square or rectangle

## Production time

6 – 9 weeks, variations possible with rugs > 6 m<sup>2</sup> and custom made dimensions
