

Design by Arrmet Lab

Dam

Designed for the realm of communal spaces, Dam has been interpreted by architects with utmost freedom; the stool within cocktail bars and restaurants, the armchair beside significant tables in corporate fashion environments. Dam is a collection of highly versatile upholstered seating, continuously evolving around the distinctive points of its design: the rounded, well-padded seat, and the overlapping padded rings forming the backrest and serving as armrests.

Concepita per il mondo della collettività, Dam è stata interpretata dagli architetti con estrema libertà, lo sgabello all'interno di cocktail bar e ristoranti, la poltroncina accanto ai tavoli importanti degli ambienti corporate della moda. Dam è una collezione di sedute imbottite molto versatile e in continua evoluzione attorno ai punti distintivi del suo design: il sedile, tondo e ben imbottito, e gli anelli imbottiti sovrapposti che formano lo schienale e fungono da braccioli.

A visionary project that unfolds over time, adapting to market demands, with a keen focus on functionality and design that transcends fleeting trends, aiming for lasting durability.

Un progetto di ampio respiro, che si evolve nel tempo in base alle richieste del mercato, con un occhio alla funzionalità e uno al design che non segue le mode del breve periodo, ma punta alla durabilità.

Our workshop lies at the heart of the company's design and planning. It's the place for ideas and conversations. It's where our designs are shaped and given substance, with the same wholesome curiosity we had at the beginning, sixty years of experience, the visionary powers of the designers, our love for our work and a close-knit team. Using these tools we continue along our path of manufacturing well-designed products for an international audience, using the skills of Italian craftsmanship, to welcome you into the office, public spaces and into your home.
