

Design by Armet Lab

Hat

Hat is a rigorous, linear collection of upholstered chairs featuring a square cross-section steel tube frame, chrome-plated or painted. The cover that fits over the top of the backrest, hence the name Hat, is soft and comfortable and can be customised both in terms of colour and embroidered decoration. Logos and wording requested by the customer may also be reproduced.

Rigorosa e lineare, Hat è una collezione di sedute tappezzate con struttura in tubo d'acciaio a sezione quadra, a scelta cromata o verniciata. La cuffia che riveste lo schienale, da cui il nome Hat, è morbida e confortevole: si può personalizzare sia nei colori sia nel decoro ricamato, che può riprodurre anche loghi e scritte richieste dal cliente.

Our workshop lies at the heart of the company's design and planning. It's the place for ideas and conversations. It's where our designs are shaped and given substance, with the same wholesome curiosity we had at the beginning, sixty years of experience, the visionary powers of the designers, our love for our work and a close-knit team. Using these tools we continue along our path of manufacturing well-designed products for an international audience, using the skills of Italian craftsmanship, to welcome you into the office, public spaces and into your home.
