SIMON JAMES

A fully modular sofa, Collective features substantial, generous upholstery; while sitting off the ground with a light, uncomplicated form. Collective's steel base adds structure, while unique feather and foam upholstery techniques add both comfort and a relaxed, luxurious aesthetic.

Elements of craftsmanship are also evident in the finishing details - a pinched corner detail and refined, upholstered plinth separating the base from the cushions.

Collective is available in a selection of modular pieces, allowing you to create the ideal configuration for any space.
