SIMON JAMES

The Leger Sofa by Simon James is a dynamic sofa system celebrating combined materiality and modern, practical detailing. Modular components and an integrated table option allow you to build and create the ideal configuration for your home - from classic corner arrangements to open plan compositions. Two different seat depths and various cushion options offer further variation and personalised comfort.

Generous in space and feel, Leger's multi-density foam fill results in a supremely comfortable and relaxing sofa, designed to meet the diverse needs of contemporary living spaces.

The Leger Sofa is available as a standard 2.5 and 3-seater, as well as various modular configurations. Throw cushions are sold separately.
