SIMON JAMES

November is a modular sofa system designed especially for New Zealand outdoor living.

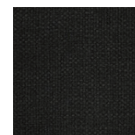

November's stainless steel frame supports a fabric-slung back and arm, finding a delicate balance between structure and comfort; while cleverly integrating optional side table and bolster cushions.

The unique sling-frame construction is designed to soften overtime for comfort and a relaxed aesthetic.

Available as a single chair, two-seater and three-seater; November is made in New Zealand in Flax or Charcoal fabric, with Black or Stone frame finish.
