SIMON JAMES

Introducing the Pavilion by Simon James - a contemporary table and leaner that seamlessly blends form and function. Crafted from a clever combination of solid oak and veneer, this piece features solid clashing corners and radial edges. The Pavilion showcases a stout appearance, conveying a sense of boldness without being imposing, while maintaining its refinement.

Available in a variety of sizes and timber finishes, it is the perfect fit for any space, whether it's a boardroom, dining room, breakout area, or any residential or commercial setting.
