# SIMON JAMES

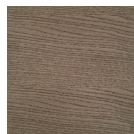

The Sato Coffee Table by Simon James is defined by a linear, block-like form, designed for flexibility and variation. Individual pieces can be configured and assembled as desired, allowing the composition to evolve with your space.

Sato is available in full timber, or with an inset leather top - celebrating the authentic, natural expression of each hide. Strong lines and a raised edge detail are balanced by the warmth of its materials, with a top that appears to subtly cantilever over two solid block legs.
